

GrazonPD3™

HERBICIDE

General Broadleaf Weed Control Solution

GrazonPD3™ Herbicide

GrazonPD3™ herbicide is a new, broad spectrum residual herbicide that controls more than 70 weeds, as well as suppresses select brush species. Containing 2,4-D Choline and Picloram, GrazonPD3 is backed by trusted and proven active ingredients, providing peace of mind.

Application Recommendations

- Apply GrazonPD3 with a minimum of 3 or more gallons of water per acre using ground equipment or 2 or more gallons per acre by aerial application.
- Common use rate is 20 fluid ounces per acre for general broadleaf weed control.
- To enhance foliage wetting and coverage, an approved non-ionic surfactant (NIS) may be added to GrazonPD3.
